

Hi, this is just a short note to let you know how I feel about the proposed changes of LPFM would affect my community. I listen to KLOVE on 94.3 in Chicago. This radio station has such a positive affect on the Chicago area that I hear people talking about it quite frequently. Also, I am able to listen throughout much of the Chicago area when I travel and am not stuck to listening to things such as Marlyn Manson and the likes. To have a station like this taken off of the air would be to rob the this and other communities across this great nation of ours of music that is clean and inspires and encourages those that listen. I am writting this note because I believe that by keeping the present FM staions as they are, and not giving priority to the LPFM stations, the public's and my interests are being best served. Thank you for the chance to comment on this important matter. Sincerely, Roger N. Mapel
